Bonds maturing on May 1, 2005 and thereafter shall be subject to redemption prior to maturity at the option of the County on May 1, 2004 and thereafter, as a whole or in part, on any interest payment date (as such dates may be modified pursuant to Section 7 hereof), at the redemption prices set forth below (expressed as percentages of principal amount) plus interest accrued to the redemption date:

<u>Redemption Dates</u> <u>_(dates inclusive)_</u>	<u>Redemption Price</u>

November 1, 2004	101-1/2%
May 1, 2005	101%
November 1, 2005	100-1/2%
May 1, 2006	100%

If less than all the Bonds shall be called for redemption, the maturities to be redeemed shall be designated by the Governing Body of the County, in its discretion, and, if less than all of the

Bonds of a maturity shall be called for redemption, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or in such other random manner as the Registration Agent in its discretion shall determine.

Pursuant to Section 7 hereof, the County Executive is authorized to sell the Bonds, or any maturities thereof, as term bonds with mandatory redemption requirements corresponding to the maturities set forth herein or as determined by the County Executive. In the event any or all the Bonds are sold as term Bonds, the County shall redeem term Bonds on redemption dates corresponding to the maturity dates set forth herein, in aggregate principal amounts equal to the maturity amounts set forth herein for each redemption date, as such maturity amounts may be adjusted pursuant to Section 7 hereof, at a price of par plus accrued interest thereon to the date of redemption. The term Bonds to be so redeemed shall be selected by lot or in such other random manner as the Registration Agent in its discretion may designate.

At its option, to be exercised on or before the forty-fifth (45th) day next preceding any such redemption date, the County may (i) deliver to the Registration Agent for cancellation Bonds to be redeemed, in any aggregate principal amount desired, and/or (ii) receive a credit in respect of its redemption obligation under this mandatory redemption provision for any Bonds of the maturity to be redeemed which prior to said date have been purchased or redeemed (otherwise than through the operation of this mandatory sinking fund redemption provision) and canceled by the Registration Agent and not theretofore applied as a credit against any redemption obligation under this mandatory sinking fund provision. Each Bond so delivered or previously purchased or redeemed shall be credited by the Registration Agent at 100% of the principal amount thereof on the obligation of the County on such payment date and any excess shall be credited on future redemption obligations in chronological order, and the principal amount of Bonds to be redeemed by operation of this mandatory sinking fund provision shall be accordingly reduced. The County shall on or before the forty-fifth (45th) day next preceding each payment date furnish the Registration Agent with its certificate indicating whether or not and to what extent the provisions of clauses (i) and (ii) of this subsection are to be availed of with respect to such payment and confirm that funds for the balance of the next succeeding prescribed payment will be paid on or before the next succeeding payment date.

Notice of call for redemption shall be given by the Registration Agent on behalf of the County not less than thirty (30) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for redemption of any of the Bonds for which proper notice was given. The Registration Agent shall mail said notices, in the case of term bonds with mandatory redemption requirements as and when provided herein and in the Bonds and, in the case of optional redemption, as and when directed by the County pursuant to written instructions from an authorized representative of the County given at least forty-five (45) days prior to the redemption date (unless a shorter notice

period shall be satisfactory to the Registration Agent). From and after the redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth herein.

The County hereby authorizes and directs the Registration Agent to maintain Bond registration records with respect to the Bonds, to authenticate and deliver the Bonds as provided herein, either at original issuance, upon transfer, or as otherwise directed by the County, to effect transfers of the Bonds, to make all payments of principal and interest with respect to the Bonds as provided herein, to cancel and destroy Bonds which have been paid at maturity or upon earlier redemption or submitted for exchange or transfer, to furnish the County at least annually a certificate of destruction with respect to Bonds canceled and destroyed, and to furnish the County at least annually an audit confirmation of Bonds paid, Bonds outstanding and payments made with respect to interest on the Bonds. The County Executive is hereby authorized to execute and the County Clerk is hereby authorized to attest such written agreement between the County and the Registration Agent as they shall deem necessary or proper with respect to the obligations, duties and rights of the Registration Agent. The payment of all reasonable fees and expenses of the Registration Agent for the discharge of its duties and obligations hereunder or under any such agreement is hereby authorized and directed.

The Bonds shall be payable, principal, premium, if any, and interest, in lawful money of the United States of America at the principal corporate trust office of the Registration Agent. The Registration Agent shall make all interest payments with respect to the Bonds on each interest payment date directly to the registered owners as shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the interest payment date (the "Regular Record Date") by check or draft mailed to such owners at their addresses shown on said Bond registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the County in respect of such Bonds to the extent of the payments so made. Payment of principal on the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable.

Any interest on any Bond which is payable but is not punctually paid or duly provided for on any interest payment date (hereinafter "Defaulted Interest") shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such Defaulted Interest shall be paid by the County to the persons in whose names the Bonds are registered at the close of business on a date (the "Special Record Date") for the payment of such Defaulted Interest, which shall be fixed in the following manner: the County shall notify the Registration Agent in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment, and at the same time the County shall deposit with the Registration Agent an amount of money equal to the aggregate amount proposed to be Paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Registration Agent for such deposit prior to the date of the proposed payment, such money when deposited to

be held in trust for the benefit of the persons entitled to such Defaulted Interest as in this Section provided. Thereupon, not less than ten (10) days after the receipt by the Registration Agent of the notice of the proposed payment, the Registration Agent shall fix a Special Record Date for the payment of such Defaulted Interest which Date shall be not more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment to the registered owners. The Registration Agent shall promptly notify the County of such Special Record Date and, in the name and at the expense of the County, not less than ten (10) days prior to such Special Record Date, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each registered owner at the address thereof as it appears in the Bond registration records maintained by the Registration Agent as of the date of such notice. Nothing contained in this Section or in the Bonds shall impair any statutory or other rights in law or in equity of any registered owner arising as a result of the failure of the County to punctually pay or duly provide for the payment of principal and interest on the Bonds when due.

The Bonds are transferable only by presentation to the Registration Agent by the registered owner, or his legal representative duly authorized in writing, of the registered Bond(s) to be transferred with the form of assignment on the reverse side thereof completed in full and signed with the name of the registered owner as it appears upon the face of the Bond(s) accompanied by appropriate documentation necessary to prove the legal capacity of any legal representative of the registered owner. Upon receipt of the Bond(s) in such form and with such documentation, if any, the Registration Agent shall issue a new Bond or Bonds to the assignee(s) in \$5,000 denominations, or integral multiples thereof, as requested by the registered owner requesting transfer. The Registration Agent shall not be required to transfer or exchange any Bond during the period commencing on a Regular or Special Record Date and ending on the corresponding interest payment date of such Bond, nor to transfer or exchange any Bond after the notice calling such Bond for redemption has been made, nor to transfer or exchange any Bond during the period following the receipt of instructions from the County to call such Bond for redemption; provided, the Registration Agent, at its option, may make transfers after any of said dates. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and neither the County nor the Registration Agent shall be affected by any notice to the contrary whether or not any payments due on the Bonds shall be overdue. Bonds, upon surrender to the Registration Agent, may, at the option of the registered owner, be exchanged for an equal aggregate principal amount of Bonds of the same maturity in any authorized denomination or denominations.

The Bonds shall be signed by the County Executive and attested by the County Clerk by their respective facsimile signatures, and shall have imprinted thereon a facsimile of the corporate seal of the County.

The Registration Agent is hereby authorized to authenticate and deliver the Bonds to the original purchaser thereof or as it may designate upon receipt by the County of the proceeds of the sale thereof and to authenticate and deliver Bonds in exchange for Bonds of the same

principal amount delivered for transfer upon receipt of the Bond(s) to be transferred in proper form with proper documentation as hereinabove described. The Bonds shall not be valid for any purpose unless authenticated by the Registration Agent by the manual signature of an officer thereof on the certificate set forth herein on the Bond form.

In case any Bond shall become mutilated, or be lost, stolen or destroyed, the County, in its discretion, shall issue, and the Registration Agent, upon written direction from the County shall authenticate and deliver, a new Bond of like tenor, amount, maturity and date, in exchange and substitution for, and upon the cancellation of, the mutilated Bond, or in lieu of and substitution for such lost, stolen or destroyed Bond, or if any such Bond shall have matured or shall be about to mature, instead of issuing a substituted Bond the County may pay or authorize payment of such Bond without surrender thereof. In every case the applicant shall furnish evidence satisfactory to the County and the Registration Agent of the destruction, theft or loss of such Bond, and indemnity satisfactory to the County and the Registration Agent; and the County may charge the applicant for the issue of such new Bond an amount sufficient to reimburse the County for the expense incurred by it in the issue thereof.

Section 4. Source of Payment - Pledge of Sales Tax Revenues. For the prompt payment of principal of, premium, if any, and interest on the Bonds, to the extent permitted by applicable law, there are hereby pledged the Sales Tax Revenues in amounts not exceeding the amounts required to make such payments as they become due. In the event of a deficiency in such revenues, the Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are hereby irrevocably pledged.

Principal of and interest falling due at any time when there are insufficient funds from this tax levy on hand shall be paid from the current funds of the County and reimbursement therefor shall be made out of the taxes hereby provided to be levied when the same shall have been collected. Section 7. Sale of Bonds. The Bonds shall be offered for public sale as required by law at a price of not less than 98.75% of par and accrued interest, as a whole or in part from time to time, in one or more emissions, as shall be determined by the County Executive. The County Executive is authorized to date the emissions on separate dates, adjust the maturity schedule to provide for the payment of the series of Bonds of each emission on separate dates corresponding to the dated dates, adjust the redemption schedules to correspond to the payment dates, change or modify the series designation, to increase or decrease the principal amounts for any maturity, and make such other adjustments as he shall deem necessary to market each emission, provided the total amount of Bonds to be issued does not exceed the total amount authorized in Section 3

hereof. In connection with each emission, the County Executive is authorized to extend the maturity schedule set forth in Section 3 hereof by one year for each emission so that each emission has a final maturity not greater than twenty (20) years from the dated date of such emission and to adjust the redemption dates set forth in Section 3 hereof commensurate with such change. If the changes above described are made, the Bond form set forth in Section 5 hereof shall be adjusted accordingly. The County Executive is further authorized to sell the Bonds with earlier redemption dates as he shall deem advantageous to the County. No Bonds shall be sold at an interest rate exceeding eight percent (8%) per annum. Each emission of the Bonds will be awarded by the County Executive to the bidder whose bid results in the lowest interest cost to the County, provided the rate on none of the Bonds exceeds eight percent (8%) per annum. The award of the Bonds by the County Executive to the lowest bidder shall be binding on the County, and no further action by the Governing Body with respect thereto shall be required. The County Executive and County Clerk, or either of them, are authorized to cause the Bonds to be authenticated and delivered by the Registration Agent to the successful bidder and to execute, publish, and deliver all certificates and documents, including an official statement and closing certificates, as they shall deem necessary in connection with the sale and delivery of the Bonds.

Section 8. Disposition of Bond Proceeds. From the proceeds of the sale of the Bonds, all accrued interest shall be deposited to the appropriate fund of the County to be used to pay interest on the Bonds on the first interest payment date following delivery of the Bonds.

The remainder of the proceeds of the sale of the Bonds shall be paid to the County Trustee to be deposited with a financial institution regulated by the Federal Deposit Insurance Corporation or similar or successor federal agency in a special fund known as the 1996 School Construction Fund (the "Construction Fund") to be kept separate and apart from all other funds of the County. The funds in the Construction Fund shall be disbursed solely to pay the costs of the Project, including necessary legal, accounting, engineering, architectural and fiscal expenses, printing, engraving, advertising and similar expenses, administrative and clerical costs, rating agency fees, Registration Agent fees, Bond insurance premiums (if any) and other necessary miscellaneous expenses incurred in connection with the Project and the issuance and sale of the Bonds. Moneys in the Construction Fund shall be invested as directed by the County Trustee in such investments as shall be permitted by applicable law and the earnings thereon may either be retained in the Construction Fund and used for the same purposes as all other funds in the Construction Fund or paid to the debt service fund to be used to pay interest on the Bonds, as the County Executive in his discretion shall determine. Earnings on investments in the Construction Fund may either be retained in the Construction Fund and used for the same purposes as all other funds in the Construction Fund or paid to the debt service fund to be used to pay interest on the Bonds, as the County Executive in his discretion shall determine.

Section 9. Official Statement. The County Executive and County Clerk, working with Sentinel Trust Company, the County's financial advisor, are hereby authorized and directed to provide for the preparation and distribution of a Preliminary Official Statement describing the

Bonds. After bids have been received and the Bonds have been awarded, the County Executive and County Clerk shall make such completions, omissions, insertions and changes in the Preliminary Official Statement not inconsistent with this resolution as are necessary or desirable to complete it as a final Official Statement for purposes of Rule 15c2-12(e)(3) of the Securities and Exchange Commission. The County Executive and County Clerk shall arrange for the delivery to the successful bidder on the Bonds of a reasonable number of copies of the Official Statement within seven business days after the Bonds have been awarded for delivery, by the successful bidder on the Bonds, to each potential investor requesting a copy of the Official Statement and to each person to whom such bidder and members of his bidding group initially sell the Bonds.

The County Executive and County Clerk are authorized, on behalf of the County, to deem the Preliminary Official Statement and the Official Statement in final form, each to be final as of its date within the meaning of Rule 15c2-12(b)(1), except for the omission in the Preliminary Official Statement of certain pricing and other information allowed to be omitted pursuant to such Rule 15c2-12(b)(1). The distribution of the Preliminary Official Statement and the Official Statement in final form shall be conclusive evidence that each has been deemed in final form as of its date by the County except for the omission in the Preliminary Official Statement of such pricing and other information.

Section 10. Arbitrage. The County recognizes that the purchasers and owners of the Bonds will have accepted them on, and paid therefor a price that reflects, the understanding that interest thereon is excludable from gross income for purposes of federal income taxation under laws in force on the date of delivery of the Bonds. In this connection, the County agrees that it shall take no action which may cause the interest on any of said Bonds to be included in gross income for federal income taxation. It is the reasonable expectation of the Governing Body of the County that the proceeds of the Bonds will not be used in a manner which will cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, and to this end the said proceeds of the Bonds and other related funds established for the purposes herein set out shall be used and spent expeditiously for the purposes described herein. The Governing Body further covenants and represents that in the event it shall be required by Section 148(f) of the Code to pay any investment proceeds of the Bonds to the United States government, it will make such payments as and when required by said Section 148(f) and will take such other actions as shall be necessary or permitted to prevent the interest on the Bonds from being included in gross income for federal income tax purposes. The County Executive and County Clerk, or either of them, are authorized and directed to make such certifications in this regard in connection with the sale of the Bonds as either or both shall deem appropriate, and such certifications shall constitute a representation and certification of the County.

Section 11. Discharge and Satisfaction of Bonds. If the County shall pay and discharge the indebtedness evidenced by any of the Bonds in any one or more of the following ways, to wit:

(a) By paying or causing to be paid, by deposit of sufficient funds as and when required with the Registration Agent, the principal of, premium, if any, and interest on such Bonds as and when the same become due and payable;

(b) By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers ("an Agent"; which Agent may be the Registration Agent) in trust or escrow, on or before the date of maturity or redemption, sufficient money or Federal Obligations, as hereafter defined, the principal of, premium, if any, and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity or redemption date (provided, if such Bonds are to be redeemed prior to maturity thereof, proper notice of such redemption shall have been given or adequate provision shall have been made for the giving of such notice);

(c) By delivering such Bonds to the Registration Agent, for cancellation by it;

and if the County shall also pay or cause to be paid all other sums payable hereunder by the County with respect to such Bonds, or make adequate provision therefor, and by resolution of the Governing Body instruct any such Escrow Agent to pay amounts when and as required to the Registration Agent for the payment of principal of, premium, if any, and interest on such Bonds when due, then and in that case the indebtedness evidenced by such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the County to the holders of such Bonds shall be fully discharged and satisfied and shall thereupon cease, terminate and become void.

If the County shall pay and discharge the indebtedness evidenced by any of the Bonds in the manner provided in either clause (a) or clause (b) above, then the registered owners thereof shall thereafter be entitled only to payment out of the money or Federal Obligations deposited as aforesaid.

Except as otherwise provided in this Section, neither Federal Obligations nor moneys deposited with the Registration Agent pursuant to this Section nor principal or interest payments on any such Federal Obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal, premium, if any, and interest on said Bonds; provided that any cash received from such principal or interest payments on such Federal Obligations deposited with the Registration Agent, (A) to the extent such cash will not be required at any time for such purpose, shall be paid over to the County as received by the Registration Agent and (B) to the extent such cash will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Federal Obligations maturing at times and in amounts sufficient to pay when due the principal, premium, if any, and interest to become due on said Bonds on or prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over to the County, as received by the Registration Agent. For the purposes of this Section, Federal Obligations shall mean direct

obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, or any agency thereof, obligations of any agency or instrumentality of the United States or any other obligations at the time of the purchase thereof are permitted investments under Tennessee Law for the purposes described in this Section, which bonds or other obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

Section 12. Continuing Disclosure. The County hereby covenants and agrees that they will provide annual financial information and material event notices as required by Rule 15c2-12 of the Securities Exchange Commission for the Bonds. The County Executive is authorized to execute at the Closing of the sale of the Bonds, an agreement for the benefit of and enforceable by the owners of the Bonds specifying the details of the financial information and material event notices to be provided and its obligations relating thereto. Failure of the County to comply with the undertaking herein described and to be detailed in said closing agreement, shall not be a default hereunder, but any such failure shall entitle the owner or owners of any of the Bonds to take such actions and to initiate such proceedings as shall be necessary and appropriate to cause the County to comply with their undertaking as set forth herein and in said agreement, including the remedies of mandamus and specific performance.

Section 13. Qualified Tax-Exempt Obligations. The Governing Body hereby designates the Bonds as "qualified tax-exempt obligations" within the meaning of and pursuant to Section 265 of the Internal Revenue Code of 1986.

Section 14. Resolution a Contract. The provisions of this resolution shall constitute a contract between the County and the registered owners of the Bonds, and after the issuance of the Bonds, no change, variation or alteration of any kind in the provisions of this resolution shall be made in any manner until such time as the Bonds and interest due thereon shall have been paid in full.

Section 15. Separability. If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

Section 16. Repeal of Conflicting Resolutions and Effective Date. All other resolutions and orders, or parts thereof, in conflict with the provisions of this resolution, are, to the extent of such conflict, hereby repealed and this resolution shall be in immediate effect from and after its adoption.

Adopted and approved this 24th day of September, 1996.
