RESOLUTION NO. 04052504

RESOLUTION FOR ROAD NAME CHANGE

WHEREAS, County Line Road is a public roadway located in Lawrence County, which roadway presently becomes Elkridge Road; and

WHEREAS, Lawrence County Emergency 911 has suggested to better benefit the public that County Line Road be changed to Elkridge Road so that the entire length of the aforesaid roadway would be known as Elkridge Road.

NOW, THEREFORE, BE IT RESOLVED by the Lawrence County Legislative Body meeting on this 25th day of May, 2004, that County Line Road be changed to reflect the new name of Elkridge Road for the entire length of said road.

BE IT FURTHER RESOLVED by the Lawrence County Legislative Body meeting in regular session this 25th day of May, 2004, that the County Road Superintendent for Lawrence County is hereby requested to erect appropriate signs to reflect the new name change on the aforesaid roadway.

This resolution shall take effect upon its passage, the public welfare requiring it.

- Passed this the 25th day of May, 2004.
- Failed for lack of second this the 25th day of May, 2004.
- Failed on vote this the 25th day of May, 2004.
- Withdrawn this the 25th day of May, 2004.
- Tabled this the 25th day of May, 2004.
- Amended this the 25th day of May, 2004.

RESOLUTION NO. 06052504

RESOLUTION TO AUTHORIZE THE AVAILABILITY OF FUNDS TO
PURCHASE PORTABLE CLASS ROOM AT NEW PROSPECT
ELEMENTARY SCHOOL

WHEREAS, it appears that New Prospect Elementary School may encounter a problem of overcrowding shall the student census increase in the near future; and

WHEREAS, said overcrowding may be alleviated by the purchase of a double unit portable classroom.

NOW, BE IT THEREFORE RESOLVED, by the Legislative Body of Lawrence County meeting this the 25th day of May, 2004, that the Legislative Body authorizes the availability of funds to purchase a double unit portable classroom for the New Prospect Elementary School, however, said funds shall be subject to the approval of the Lawrence County Board of Education, which approval shall state the necessity for the purchase of the portable classroom.

This resolution shall take effect upon its passage, the public welfare requiring it.

- Passed this the 25th day of May, 2004.

RESOLUTION NO. 07052504

RESOLUTION TO URGE THE GENERAL ASSEMBLY TO ENACT A
PRIVATE ACT GIVING COUNTY COMMISSIONERS THE RIGHT
TO DESIGNATE THE TITLE FOR THE CHIEF EXECUTIVE
OFFICER OF LAWRENCE COUNTY

WHEREAS, Legislation has recently been passed and signed into law by the Governor of Tennessee allowing County Legislative bodies to decide on the title of their chief executive officer; and

WHEREAS, it is the desire of the Legislative Body of Lawrence County that the chief executive officer be and have the title of County Executive.

NOW, BE IT THEREFORE, RESOLVED by the Legislative Body of Lawrence County, Tennessee, meeting in regular session on this 25th day of May, 2004, that the General Assembly of the State of Tennessee is urged to enact a private act giving the Lawrence County Commission the right to designate the position of the chief executive officer as County Executive.

BE IT FURTHER RESOLVED, that the County Clerk's shall send copies of this resolution to the members of the General Assembly representing the people of Lawrence County.

This resolution shall take effect upon its passage, the public welfare requiring it.

- Passed this the 25th day of May, 2004.
- Failed for lack of second this the 25th day of May, 2004.

AN ACT to redesignate the office of county mayor as county executive
in Lawrence County.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Pursuant to the provisions of Chapter 568 of the Public Acts of 2004, the county mayor of Lawrence County is hereby redesignated as "County Executive" and shall be known as such from and after the effective date of this act.

SECTION 2. This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the legislative body of Lawrence County. Its approval or non-approval shall be proclaimed by the presiding officer of the county legislative body and certified to the Secretary of State.

SECTION 3. For the purpose of approving or rejecting the provisions of this act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon approval as provided in Section 2.

RESOLUTION NO. 08052504

RESOLUTION SUPPORTING A TVA PUBLIC SCHOOLS
CREDIT PROGRAM

WHEREAS, high quality public school systems are an integral component of economic development, positively impacting workforce preparation, business recruitment, job creation and retention in the Tennessee Valley; and

WHEREAS, public school systems are the largest local government consumers of electricity in the Tennessee Valley; and

WHEREAS, the recent TVA rate increase of 7.4% has increased the costs of local governments in the Tennessee Valley for the operation of the public schools; and

WHEREAS, this spike in the payments from public school systems to TVA for electricity comes at a time of budget austerity for the public schools, with many systems facing severe budget cuts; and

WHEREAS, the public schools systems are in dire need of financial relief to maintain and hopefully improve the educational systems in the Valley; and

WHEREAS, just over a decade ago, after the previous recession, TVA instituted a successful public schools (and jobs credit) program whereby all public schools in the TVA region, including primary and secondary schools, technology centers and colleges and universities received a 10% credit on their power bills for two years; and

WHEREAS, a public schools credit program similar to the one instituted just over a decade ago would be of great benefit to the people of the Valley and its future;

NOW THEREFORE, BE IT RESOLVED by the Association of Tennessee Valley Governments (ATVG), that ATVG respectfully requests the TVA Board of Directors to provide a Public School Credit Program to assist with a very important part of economic development across the great TVA region, namely workforce preparation.

BE IT FURTHER RESOLVED, that ATVG expresses appreciation to both TVA and the power distributors and their employees for their excellent service.

This resolution shall take effect upon its passage, the public welfare requiring it.

Passed this the 25th day of May, 2004.

Failed for lack of second this the 25th day of May, 2004.

RESOLUTION NO. 09052504

RESOLUTION FOR DELINQUENT COLLECTIONS

WHEREAS, Lawrence County is committed to both present and future county residents to maintaining a level of public facilities and services commensurate with those presently provided; and

WHEREAS, the county's current levels of collections of fees and taxes cannot alone support the additional revenues needed to provide such services without substantial increase in property taxes, and

WHEREAS, the county legislative body recognizes the inequity of placing the full burden of revenue generation on the property taxes alone, and

WHEREAS, the county legislative body recognizes that all business and individuals must be treated equally in that effort to be fair to all and that it is not fair nor in the interest of public welfare when everyone does not pay currently authorized fees and taxes in a responsible and timely manner, and

WHEREAS, the most logical, fair and effective mechanism to accomplish the intended result is to encourage and support the officials of Lawrence County to better collect any and all fees and taxes that are currently delinquent or may become delinquent, and

THEREFORE, be it resolved that the legislative body of Lawrence County shall provide funding for and require a person who has appropriate qualifications and credentials to actively pursue whatever action that can be legally taken to collect current delinquency and promise timely payment of all taxes and fees legally owed to Lawrence County.

This resolution shall take effect upon its passage, the public welfare requiring it.

RESOLUTION NO. 10052504

RESOLUTION TO APPROVE LAWRENCE COUNTY BOARD OF
EDUCATION FACILITY IMPROVEMENT PROJECT

WHEREAS, the Lawrence County Board of Education has submitted to the Lawrence County Commission a proposal for facility improvement projects, a copy of which is attached hereto; and

WHEREAS, funding in the amount of \$7,720,583.00 is necessary to complete the capital projects as stated in the aforesaid submittal; and

WHEREAS, the Lawrence County Board of Education will utilize all of the energy savings generated by said improvements, both estimated and actual, for payment on the debt incurred by Lawrence County through funding said facility improvement projects.

NOW, THEREFORE, BE IT RESOLVED by the Lawrence County Legislative Body meeting this 25th day of May, 2004, that the aforesaid proposal submitted by the Lawrence County Board of Education is hereby accepted with final approval for the commencement of the project subject to the availability funding for said project and further approval of said funding.

This resolution shall take effect upon its passage, the public welfare requiring it.

PUBLIC OFFICIAL BOND AND OATH

Bond Number 6905362

Know all men by these presents, That we Teresa Purcell of Leoma in the State of TN as Principal, and STATE AUTOMOBILE MUTUAL INSURANCE COMPANY, a corporation duly organized under and by virtue of the laws of the State of Ohio, and authorized to become sole surety on bonds in the State of Ohio as Surety, are held and firmly bound unto Lawrence County Government in the State of TN in the penal sum of ***Twenty Five Thousand and no/100*** (\$25,000.00) Dollars lawful money of the United States, for the payment of which well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

Signed and Sealed this 10th day of March A.D. 2004.

Whereas, the said Teresa Purcell has been duly appointed to the office of Director of Account & Budgets for a term of One (1) Year beginning on the 1st day of March, 2004, and ending on the 1st day of March 2005.

Now, therefore, the condition of the above obligation is such, that if the above bounden Teresa Purcell shall, during the aforesaid term, faithfully and truly perform all the duties of his said office of Director of Account & Budgets as required by law, then this obligation to be void; otherwise to be and remain in full force and virtue.

This bond is executed and delivered to be effective only upon the following express conditions, which shall be conditions precedent to the right of recovery hereunder:

If the surety shall so elect this bond may be canceled by giving thirty (30) days' notice in writing to Lawrence County Government and this bond shall be deemed canceled at the expiration of said thirty (30) days, the Surety remaining liable for all or any act or acts covered by this bond, which may have been committed by the Principal up to the effective date of such cancellation, subject to the terms, conditions and provisions of this bond.

In witness whereof, the said principal has hereunto set his hand and seal, and the said STATE AUTOMOBILE MUTUAL INSURANCE COMPANY has caused these presents to be signed by its Attorney-in-Fact, the day and year first above written.

Signed and Sealed in the presence of:

Betty Elmore

POWER OF ATTORNEY

Know All Men By These Presents, That STATE AUTOMOBILE MUTUAL INSURANCE COMPANY, a corporation, duly organized and existing under the laws of the State of Ohio, and having its principal offices in the City of Columbus, Ohio, does hereby by these presents make, constitute and appoint _____John A. Couger, Marilyn L. Rice, Jacquelyn Christensen, Michael P. Cerra, Elizabeth J. Johnson, Darlene L. Jennings, Rhonda G. Pyle, Donna R. Bolen_____

of Columbus and State of Ohio EACH its true and lawful Attorney(s)-in-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver any and all bonds or undertakings described below, to wit: any and all bonds, undertakings, or other written obligations in the nature thereof, without limitation..... and to bind the Company thereby as fully and to the same extent as if bonds were signed by the duly authorized officers of the Company, hereby ratifying and confirming all that the said Attorney(s)-in-Fact may do in the premises. This Power of Attorney is made and executed pursuant to and by authority of the following Resolution adopted by the Board of Directors of the Company at a meeting duly called and held on the 8th day of May 1970:

BE IT RESOLVED, by the Board of Directors of State Automobile Mutual Insurance Company, that any two (2) of the following officers of the Company, viz: the President, any Vice President, any Assistant Vice President, Secretary, any Assistant Secretary, Treasurer, and any Assistant Treasurer, shall have the power and authority to appoint agents and attorneys-in-fact and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds, undertakings, recognizances, consents of surety or other written obligations in the nature thereof; and any such bond, undertaking, recognizance, consent of surety or written obligation shall be valid and binding upon the Company when duly executed and sealed, if a seal is required, by such attorney-in-fact or agent pursuant to and within the limits of the authority granted by his power of attorney.

BE IT FURTHER RESOLVED, that any two (2) officers may remove any such Attorney-in-Fact or Agent and revoke the power and authority given to him.

BE IT FURTHER RESOLVED, that any two (2) of the following officers of the Company, viz: the President, any Vice President, any Assistant Vice President, Secretary, any Assistant Secretary, Treasurer, and any Assistant Treasurer, shall have the power and authority to execute on behalf of the Company, and attach the seal of the Company thereto, bonds, undertakings, recognizances, consents of surety or other written obligations in the nature thereof, which the business of the Company may require; and any such bond, undertaking, recognizance, consent of surety or written obligation in the nature thereof shall be valid and binding upon the Company when duly executed and sealed, if a seal is required.

This Power of Attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of State Automobile Mutual Insurance Company at a meeting called and held on the 8th day of May, 1970:

BE IT RESOLVED, that the signature of the President, any Vice President, any Assistant Vice President, Secretary, any Assistant Secretary, Treasurer, and any Assistant Treasurer seal may be affixed by facsimile to any power of attorney or special power of attorney or certification of either given for the execution of any bond, undertaking, recognizance, consent of surety or written obligation in the nature thereof; such signature and seal, when so used being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

In Witness Whereof, the Company has caused these presents to be signed by its proper officers and its corporate seal to be hereunto affixed this 5th day of November, 2003

RESOLUTION NO. 13052504

RESOLUTION REGARDING A CONTINUOUS SIX (6) YEAR
REAPPRAISAL CYCLE

WHEREAS, Tennessee Code Annotated Section 67-5-1601 requires periodic reappraisal of each jurisdiction in Tennessee imposing a property tax, based on an initial schedule developed by the State Board of Equalization; and

WHEREAS, Lawrence County has been scheduled for reappraisal by the State Board of Equalization and directed pursuant to Tennessee Code Annotated Section 67-5-1601 to submit a plan of reappraisal; and

WHEREAS, the law requires the governing body of reappraisal jurisdictions to review the reappraisal plan and communicate to the State Board of Equalization whether said governing body approves or disapproves of such plan, and

WHEREAS, the county commission of Lawrence County has reviewed the county's proposed reappraisal plan and desires to communicate the result of its review to the State Board of Equalization as required by law; now , therefore,

BE IT RESOLVED BY THE COUNTY COMMISSION OF LAWRENCE COUNTY, that we hereby approve said plan of reappraisal and direct that this resolution be forwarded to the State Board of Equalization with such explanatory comments as are approved by the Commission in adopting this resolution.

This resolution shall take effect upon its passage, the public welfare requiring it.

MEMORANDUM

TO: Assessors of Property

FROM: David Sherrill, CAE 
Director

SUBJECT: **Submission of Reappraisal Plans - Six (6) year cycle**

A six (6) year reappraisal cycle has been scheduled for your county and it is now necessary for you to submit a memorandum of understanding and a plan of reappraisal for approval by the State Board of Equalization pursuant to T.C.A. 67-5-1601. Enclosed is your memorandum of understanding and reappraisal plan forms and procedures. The Regional Appraisal Supervisor in your area is delivering these documents to you in order to answer any questions you may have and offer any assistance needed in completing them. Your Regional Appraisal Supervisor is available for any additional assistance you may require.

When complete, the plan should be submitted to your county commission for review. It is not required that the commission approve the plan, but we will need evidence (such as the completed resolution) that the plan was at least considered by the commission. A signed copy of the plan, including the memorandum of understanding, should be submitted to the Division of Property Assessments, attention Betty Williams, **no later than May 3, 2004**. The division will present your plan to the State Board of Equalization for consideration at the first available meeting following division approval of the plan. Your county is scheduled to begin the review cycle July 1, 2004.

Thank you for your continued cooperation. My staff and I look forward to working with you as you undertake your responsibilities. Should questions arise, feel free to contact me.

NARRATIVE INFORMATION --- VISUAL INSPECTION

(Attach Additional Sheets if Needed.)

- A. Personnel Needs The present staff available will be used for the completion of the visual inspection. This includes the Field Appraiser presently on staff used for the last inspection cycle. No additional personnel is needed for visual inspection.
- B. Office and Equipment Needs The present office area is adequate to accommodate the needs for visual inspection and reappraisal. There is a vehicle budgeted for the first inspection year. In the amount of \$6, 700.00. There are no other expectations of any additional equipment. Adequate office area must be provided for DPA employees during the Reappraisal Year.
- C. Training Planned and Needed for Staff Field Appraiser and office personnel will attend training seminars provided by the Division of Property Assessments. Training courses to improve job performance will be evaluated on an annual basis.
- D. Geographic Areas of Responsibility Assigned to Inspection Personnel Geographic areas to be visually inspected is listed for each inspection year, within this report. This includes all urban, rural and commercial properties within each area.
- E. Production Rates The production rates of 60 per day for urban, 50 per day for rural and 30 parcels per day for commercials are reasonable rates, based upon the composition of Lawrence County.
- F. Map Maintenance Schedule and Explanations Map maintenance is worked on a daily basis, or when a copy of a deed is received. Complete name changes are made first, followed by splits later.
- G. Quality Assurance Efforts Planned There will be review of approximately 5 percent of all visual inspection completed by field appraisers. This Review will be made by the Assessor and must meet the Division of Property Assessments standards and procedures to ensure acceptable quality.

COMBINED TOTAL FOR SIX YEAR PLAN: \$244,566.00

LAWRENCE COUNTY REAPPRAISAL PLAN

NARRATIVE INFORMATION – REVALUATION YEAR

(Attach Additional Sheets if Needed)

- A. Personnel Needs Additional clerical assistance will be required during the year of reappraisal. The inspection of all parcels will be completed in five (5) years, allowing one (1) year for reappraisal of all properties.
- B. Office Space and Equipment Needs (Space for State Personnel Providing Assistance) The present office area is adequate to accommodate the needs for visual inspection and reappraisal. There is a vehicle budgeted for the first inspection year, in the amount of \$6,700.00. There are no other expectations of any additional equipment. Adequate office area must be provided for DPA employees during the Reappraisal Year.
- C. Use of Aerial Photographs Slides of the most recent aerial photographs will be purchased for use during inspection cycles. These slides will be used for updating tree lines and identifying mapping errors.
- D. Assistance Request of Division of Property Assessments Assistance will be requested from the DPA during the reappraisal year. This assistance will consist of development of base rates, rural land schedules, small tract schedule, and the constant data file.
- E. Development of Sales File A current sales file will be maintained as required by sales verification procedures. The DPA will monitor the quality of this data to insure acceptable standards are met. Sales verification forms will be maintained as required by procedures.
- F. Area Codes Area Codes throughout the county will be maintained during the inspection cycles. During the Reappraisal years three area codes will be reviewed for accuracy. Assistance will be requested from the division is there appears to be any problem areas.
- G. Improvement Valuation
 - 1. Base Rate Development Assistance will be requested from DPA on the development of base rates within the county. Local data and information will be provided by this office and other meaningful data. Residential base rates will be developed using recent sales. Commercial rates will be developed by the use of Marshall & Swift.
 - 2. Analysis By requesting assistance from the DPA from time to time during the Reappraisal year, the division will analyze the sales and the methods of achieving market value for properties with this county. File clean-up reports will be reviewed and errors corrected, as provided by the DPA office.

LAWRENCE COUNTY REAPPRAISAL PLAN

3. Special Building & Extra Feature Valuation Assistance will be requested by the DPA on the development of Extra Feature/ Special Building's within the county. Local data and information will be provided by this office and other meaningful data.
4. Collection & Use of Income & Expense Information Income and Expense forms will be mailed to commercial property owners which would warrant a consideration of value based upon income. Assistance will be requested form the DPA in analyzing and compiling this data. The collection of this data will occur during the inspection and Reappraisal years.
5. Quality Assurance Efforts A random selection of each property class will be reviewed to ensure proper appraisal standards are being applied. A review of each employee's job performance will be reviewed for accuracy. The DPA is required to monitor the visual inspection and report all observed errors.
- H. Land Valuation
 1. Rural Land & Use Value Rural land schedules will be developed using qualified farm sales in Lawrence County. The Use Value Schedule will be developed as required by procedure. DPA assistance required during reappraisal on the development of Market and Use Value Schedules.
 2. Residential/Small Tract The use of qualified sales will be analyzed in the determining of the value level of these properties. Statistical data will be requested form the DPA and assistance is required for proper methods of updating small tract values. Small tract tables will be developed for the constant data file.
 3. Commercial & Industrial A review will be made for all Commercial/ Industrial properties. Insuring the accuracy of this data and proper listing procedures will be required by the Division. Assistance by the DPA will be required in regards to special purpose properties and analyzing income and expense data.
 4. Quality Control A review of random properties will be made form time to time to ensure acceptable standards are being met. Visual inspection and sales data will also be monitored.
 1. Mineral and/or Leaseholds technical assistance will be requested for DPA and proper valuation procedures in valuing mineral and leasehold properties will be reviewed on annual basis.
- J. Valuation Analysis
 1. Detailed Analysis During the course of the Reappraisal Program, analysis will be requested from the DPA reflecting the present level as indicated from the CAAS File. Assistance will be required from the DPA on various forms of valuation analysis.
 2. Final Value Correlation Market value in Lawrence County will be achieved based upon local market conditions at the time of reappraisal. This will be supported by statistical reports requested from the DPA.

LAWRENCE COUNTY REAPPRAISAL PLAN

- K. Updating of Ownership Information Ownership information will be updated on a regular basis as deeds are provided to this office. This information will be current as of January 01 of the Reappraisal year.
- L. New Construction New construction will be an on-going process of discovering new improvements form visual inspection, electrical permits, and other sources. All new construction completed by January 01 will be on the Reappraisal file.
- M. Final Value Meeting The Final Value Meeting will be scheduled with the DPA upon completion of the Reappraisal Program. Information and data will be provided to ensure market value has been achieved with all classes of properties.
- N. Hearings (Formal and Informal) Reappraisal Notices will be mailed out to each property owner reflecting the updated market value. Any owner with questions pertaining to the revaluation will have the opportunity to schedule an appointment within specific dates that will be outlined on the notice.
- O. Computer Appraisal System:
1. Do you currently use the State of Tennessee Computer Assisted Appraisal System (CAAS)? Yes No If No, name of system currently in use.

 2. Do you plan to change to another computer system during the reappraisal cycle covered in this plan? Yes No
If Yes, detailed information must be included that defines the computer system and explains the county's plan of implementation.

LAWRENCE COUNTY REAPPRAISAL PLAN

REVALUATION PHASE DELINEATION CHART DESCRIPTIONS

A. ADMINISTRATION

1. Planning/Organizing - The time an administrator spends in establishing goals, policies and procedures and organizing the work activities for a timely completion of each reappraisal phase.
2. Directing/Controlling - The time an administrator spends in guiding a supervising personnel responsible for the accomplishment of the clerical and appraisal activities necessary to complete each phase.

B. CLERICAL

1. File Cleanup - Time required in the correction of file reports such as incorrect land codes, improvement types, property types, etc.
2. Acreage Correlation - Time required to compare acreage amounts on the property record card with the tax maps and to correct any discrepancies.
3. Inspection Corrections - Time required to make corrections to properties reviewed during the inspection cycle.
4. Data Entry - Time required to key changes and corrections.
5. Processing/Screening - Time required to process and examine all data prior to data entry and to edit completed data upon return from data processing
6. Acreage Grid - Time required to calculate the acreage of each land grade on tracts that may be eligible for greenbelt.
7. Other - Time required to perform other clerical duties necessary to the successful completion of the reappraisal program.

C. PRELIMINARY ANALYSIS OF FILE

1. Area Codes - Time required to review the current area code assignments and determine the need for any changes or corrections.
2. Improvement Types - Time required to review the current improvement types used and to determine any needed changes, corrections or additions.
3. Extra Features/Special Buildings - Time required to review the current status of the extra features as special buildings and to determine any needed changes, corrections or additions.

LAWRENCE COUNTY REAPPRAISAL PLAN

4. Small Tracts - Time required to review the current small tract listings for accuracy and consistency, and to review the methods used to establish values and to determine any needed changes or corrections.
5. Rural Land - Time required to review the current rural land listings for accuracy and consistency, and to review the methods used to establish values and to determine any needed changes or corrections.
6. Income and Expense - Time required to review the commercial properties and to determine the methods and forms to be used in the collection of income and expense information.
7. Sales File Cleanup - Time required to review the status of the sales file using sales reports and deed inventories. The sales file should be up-to-date and listed correctly.
8. Override Properties - Time required to review the listing of properties that have an override code. Delete all override codes making any needed changes or corrections.

D. LAND VALUATION

1. Urban - Time required to analyze vacant and improved sales to determine appropriate units of comparison, to establish base lot values, front foot and square foot values as well as units buildable. Urban parcels are located on 1" - 100' or larger scaled maps.
2. Commercial/Industrial - Time required to analyze vacant and improved sales and to determine appropriate units of comparison as well as establish base front foot, square foot and acreage values.
3. Rural - Time required to analyze vacant and improved sales of 15 acres or greater and to determine a preliminary rural land schedule. Rural land listings should be changed or corrected as needed.
4. Small Tracts - Time required to analyze vacant and improved sales of parcels less than 15 acres on rural maps and to establish a small tract pricing guide. Small tract listings should be changed or corrected as needed.

E. IMPROVEMENT VALUATION

1. Base Rates - Time required to develop tentative market base rates for all improvement types, utilizing sales of particular properties or in absence of sales an approved cost index service.
2. Factors - Time required to determine the use, if any, of base rate factors or land factors.

LAWRENCE COUNTY REAPPRAISAL PLAN

3. Effective Ages - Time required to review the condition factors (effective ages) of all improvements and to adjust those improvements due to the change in the base year for depreciation calculations.
4. Extra Features/Special Buildings - Time required to develop and/or to update extra features and special buildings rates and depreciation tables.

F. SPECIAL PROPERTIES VALUATION

1. Commercial/Industrial - Time required to appraise special purpose properties such as large industrials, golf courses or recreational facilities.
2. Minerals - Time required to collect data and to appraise mineral interests.
3. Leaseholds - Time required to analyze the leases on fee exempt properties and to value leasehold interests.
4. Exempt Properties - Time required to review and to compare the approved exemption applications with a current exempt properties listing, and to determine any changes that may alter the exemptions status of the properties.
5. Other - Time required to value other unique or complex properties that need additional resources for appraisal.

G. ASSESSOR FILE MAINTENANCE

1. New Construction - Time required to measure and list all new construction completed prior to the reappraisal date.
2. Mapping Splits - Time required for map maintenance during year prior to reappraisal.
3. Treelines/Land Grades - Time required to update tree lines and land grade changes on the tax maps and to correct the resulting land grade listing for the property.
4. Sales File - Time required to maintain an up-to-date-sales file during the year prior to the reappraisal date.

H. FINAL VALUATION REVIEW

1. Urban - Final determination of values for residential properties located on 1' = 100' or larger scaled maps.
2. Rural - Final determination of values for residential/farm properties located on 1" = 400' maps.
3. Use Schedule - Final review of the use schedule calculations and the greenbelt parcels listing.
4. Commercial/Industrial - Final determination of values on commercial and industrial properties on all maps.

LAWRENCE COUNTY REAPPRAISAL PLAN

5. Final Value Meeting - Meeting with the State Division of Property Assessments to review all phases of the completed reappraisal program for accuracy and completion. Appraisal change reports and all analysis reports should be reviewed to determine needed changes or corrections.
6. Final Analysis - Interpreting final sales analysis prior to printing assessment change notices and property record cards. Compiling pertinent appraisal tables, schedules, manuals and maps for future reference.

I. INFORMAL HEARINGS

1. Urban - Estimate the number of parcels that will be reviewed during the assessor's hearings.
2. Rural - Estimate the number of parcels that will be reviewed during the assessor's hearings.
3. Commercial/Industrial and Special Properties - Estimate the number of parcels that will be reviewed during the assessor's hearings.
4. Clerical - Maintaining files and appointment logs and processing appraisal changes including data entry.
5. Field Checks - Field reviews due to informal hearings.

J. FORMAL HEARINGS

1. County Board of Equalization - Appraisal and clerical personnel required to assist the County Board of Equalization during the reappraisal year.

MEMORANDUM OF UNDERSTANDING

between

Lawrence County and The Division of Property Assessments

DATE: MAY 1, 2004

TO: Estes Bud Taylor, CAE, Assessor of Property

Aemtra Bailey, County Executive

RE: Lawrence County 2010 Year Reappraisal Program

FROM: State of Tennessee Division of Property Assessments <u>Tom Fleming, CAE, Assistant to the Comptroller for Assessments</u>
--

The purpose of this Memorandum of Understanding is to clarify the areas of responsibility for all parties involved in the reappraisal of Lawrence County. It is intended to express the requirements needed to successfully complete reappraisal and to define the extent of involvement expected of the State of Tennessee, Division of Property Assessments. A reappraisal program is defined as the updating of all values in the county by analyzing current information and establishing new tables, models, schedules, rates and depreciation.

TCA 67-5-1601 provides for Assessors of Property to have the option to reappraise either on a 6-year cycle with an update of values in the third year or to reappraise on a 4 or 5 year cycle with no updates. TCA 67-5-1601 (d) requires the Division of Property Assessments to provide technical assistance to counties during the year of reappraisal. The resources available to the Division of Property Assessments enables them to provide technical assistance to counties during the reappraisal year, however, the amount of division involvement will be determined by the workload resulting from all counties that are scheduled for reappraisal during each year.

The amount of Division of Property Assessments Involvement must be determined and clearly understood prior to the county producing a plan for reappraisal. The Assessor of Property will prepare a Plan for Reappraisal that accomplishes reappraisal in accordance with standards and procedures prescribed by the Division of Property Assessments. The Plan for Reappraisal must include all specific items identified in this Memorandum of Understanding.

I. County Responsibility

(These items will be the county's responsibility unless specifically identified as being performed by the Division of Property Assessments.) The Assessor of Property will be responsible for ensuring that all phases of the reappraisal program are conducted in accordance with Division of Property Assessments's policies and procedures relating to **property valuation, sales verification, appeal defense and statistical standards.** The county must **resolve data quality reports, provide accurate property characteristics, provide adequate data entry, demonstrate its ability to organize and manage a program, provide adequate staffing and provide financial support.** The following is an overview of the process and can be used in conjunction with manuals developed by the Division of Property Assessments. The manuals should be used for more specific information on each of the topics identified.

A. Property Valuation: All types of property will be valued following standard procedures.

1. Residential - Residential properties will be valued by determining the proper base rate for each residential improvement type in the jurisdiction. The base rates will be developed using sale properties with recently constructed improvements whenever possible to reduce the difficulties of estimating depreciation and to increase the accuracy of the land values. The base rate analysis will consider the new depreciation that will automatically be calculated when the year of reappraisal changes. The Assessor of Property shall retain all base rate analyses for appeal purposes. Appropriate depreciation and/or effective age will be used to adjust groups of parcels identified as having unique market consideration. When additional depreciation or effective age changes are used to adjust values, market analysis must be retained to support the adjustments. Individual property characteristics will not be improperly altered to effect acceptable analysis results. Extra Features and Special Buildings will be valued using standard abbreviations and updated cost tables. The cost tables will be developed from the local market when possible, and the Assessor of

Property will retain all necessary supporting documentation for review and appeal purposes. Residential land will be valued using accepted appraisal practices and available computer techniques. All residential market area delineation codes will be reviewed to determine their accuracy, and the necessary action will be taken to correct any changes indicated by the market since the last reappraisal program.

2. Rural Land - Rural land will be valued using standard rural land valuation procedures. Rural sales will be located and verified to determine if they meet the requirements of a valid transaction. All rural sales will be reviewed by the Assessor of Property or a staff member with either the buyer, seller or agent to determine the conditions of the sale and if any adjustments are needed. A rural land sales verification form will be completed on all rural sales. These forms will be separated into Qualified and Disqualified sales and maintained in the Assessor of Property's office for review and use in appeals. All rural land will be valued using the rural land tables. Appropriate sales analysis must be conducted to produce a rural land schedule and also to determine all factors affecting value. Areas of the county that cannot be valued using the base rural land schedule will be valued using the rural land schedule adjusted to the appropriate level of value. Land grade maps will be used to determine the appropriate land grade for each parcel. The land grade maps, if not already available, will be constructed by using all available SCS soil survey information. All maps will be updated to reflect the most current base features such as wooded areas and areas that have been cleared since the last reappraisal program. It is appropriate to use home sites on all rural tracts where a home site exists. The Rural Land Procedures Manual published by the Division of Property Assessments will be followed in the valuation of all rural land. All rural market area delineation codes will be reviewed to insure they conform to current market conditions.

3. Commercial/Industrial Property - All commercial and industrial property shall be valued using standard valuation procedures. The listing of commercial and industrial properties will be reviewed for accuracy. All commercial property will be reviewed to determine if valuation by the income approach is the most appropriate method. In these instances, it will be necessary to gather sufficient income and expense data to calculate an indication of value by the income approach. All the completed income and expense forms will be retained for review and appeal purposes. All income data must be analyzed by making comparisons with like properties such as comparing offices to offices, warehouses to warehouses, and restaurants to restaurants. All commercial sales will be verified to

determine if any special circumstances such as personal property or unusual financing are included. Commercial and industrial base rates will be developed for each type of commercial and industrial improvement in the jurisdiction. This is typically accomplished using a combination of local information and a professional cost service. All industrial properties shall be revalued using the most appropriate method, typically the cost approach. All commercial and industrial land will be revalued using the most appropriate method such as front foot price, square foot price or unit, and all pertinent information such as zoning will be indicated on the land valuation maps. All analyses and sales information used to determine the commercial and industrial land values will be retained by the Assessor of Property for review and appeal purposes. All commercial and industrial market area delineation codes will be verified to determine if they need to be revised due to changes in the market. All commercial and industrial property will be valued following the Commercial and Industrial Valuation Manual prepared by the Division of Property Assessments.

4. Small Tracts - Land that does not qualify as a farm and is not part of an organized development is considered a small tract. It is typically valued as an individual unit and priced per unit or per acre. A total countywide small tract analysis must be accomplished in order to determine reasonable values. After the analysis has been accomplished and a pricing guide developed, the existing small tracts are to be reviewed to determine consistency. After making any needed adjustments to improve consistency, the small tracts will be revalued using accepted appraisal practices and any appropriate computer techniques. The Assessor of Property should maintain all analyses and sales information used in the valuation of small tracts for review and appeal purposes. All market area delineation codes that have an effect on the valuation of small tracts will be reviewed to determine accuracy, and any adjustments needed will be made.

5. Unique Properties - Usually, unique properties will exist in a county that will require special treatment. These can be lake properties, mobile homes, large industrial complexes, mineral interest, leasehold interest, etc. The Plan for Reappraisal will address these properties and explain how they will be valued.

B. Sales Verification: A major element in the success of a reappraisal program is the completeness and accuracy of the sales file. The Division of Property Assessments has published the Property Assessor's Procedures for Sales Data Collection and Verification.

These procedures will be followed to ensure the desired accuracy. Any attempt to influence the results of the analysis by inaccurate sales verification must be avoided. The quality of the analysis depends on the accuracy of the sales file and every effort should be made to ensure this accuracy. The Assessor of Property will maintain sufficient records on the verification of sales for review and appeal purposes.

C. Appeal Defense: Any reappraisal program must have the necessary data and information to defend the appraisals. The Assessor of Property and staff must have the ability to present the value-supporting data in a manner that provides the property owners and appeal boards with the information necessary to understand how and why the value conclusions were determined. The Assessor of Property and staff will resist making unnecessary changes just to satisfy the property owner when the appraisal is correct. All elements of the valuation process must consider the appeal process. An effort must be made to maintain sufficient data to defend the values, and this data includes the following: Base Rate Analysis; Sales Analysis; Cost Information; Land Valuation Information; Adjustments to Sales; Income and Expense Information; and any other information that will be useful in the appeal process.

D. Statistical Standards for Reappraisal: The Division of Property Assessments has developed statistical standards for evaluating the results of reappraisal programs. The reappraisal program should be completed with these standards as the goal. Failure to meet these standards provides indications that the reappraisal program may be flawed and unacceptable. The standards apply to property by its statutory classification such as residential, commercial, industrial and farm. Within each classification, properties may be further stratified based on a detailed analysis of the information available. The data used to produce the analysis must be accurate and uninfluenced by personal desires to attain a certain goal. The discovery of inaccurate data that has an influence on the results of the statistical analysis will be considered in the overall evaluation of the program. If the results of the statistical analysis fail to meet the standards, said results will be reported to the State Board of Equalization for appropriate action.

E. Data Quality Reports: The Data Quality Reports include edits that enable the assessor to identify data problems. Since the success of a reappraisal program is determined by the accuracy of the data, each county must resolve all errors found on the Data Quality Reports. Typically, this information is produced from the Assessor of Property's computer file and

analyzed locally. The ability to produce this information locally requires certain computer skills. Counties not on the State's Computer Assisted Appraisal System will develop similar capabilities and produce and use these types of reports to resolve all erroneous data.

F. Data Entry: A reappraisal increases the amount of data entry because of changes and adjustments to the file, especially where extensive field reviews are required. Any plan for reappraisal must consider this additional data entry workload, identify detailed expected production levels, produce a completion schedule and provide for terminals and sufficiently trained personnel.

G. Organization and Management: The completion of a successful reappraisal program is dependent upon the ability of the Assessor of Property to organize the work activities and to manage the employees.

1. The initial indication of the Assessor of Property's ability is the Plan for Reappraisal. If the Assessor of Property can properly complete a Plan for Reappraisal that considers all aspects of the program, it is likely the Assessor has the necessary organization skills. In addition to the normal items of real property associated with reappraisal, the Assessor of Property's plan shall include a program of discovery, data collection, analysis and valuation for any assessable leasehold or mineral properties in the county. The Plan for Reappraisal shall include a detailed schedule showing the beginning and ending dates of each phase of the program, the personnel responsible for each phase and the months necessary for the completion of each phase. The Plan for Reappraisal will contain a plan for notifying property owners of the new assessed values and providing them the opportunity to appeal such values.

2. The Assessor of Property will also need to consider the normal maintenance that is the daily occurrence in the assessor's office. New construction continues, deeds are recorded and the public continues to make inquiries. This work must proceed and the organization of the Assessor of Property's office must consider these items as well as the reappraisal. The plan for reappraisal must include a section on maintenance that provides specific information such as a completion schedule for all map and ownership maintenance and a completion schedule for collecting data and valuing all new construction. This information must also include the specific names of the employees that will perform these tasks.

3. After the Assessor of Property has properly organized the office and planned for all aspects of reappraisal while continuing to perform normal maintenance, the Assessor must manage the staff and resources. The management includes making personnel assignments and determining which phase of the program should be completed next, as well as overseeing and supervising the quality and quantity of the work being performed. The Assessor of Property will develop and maintain production reports and quality control reports to ensure that the program is completed accurately and on time.

H. Staffing: The Plan for Reappraisal shall contain a staffing plan that provides for adequate reappraisal staff, sufficient review and clerical staff to accomplish the necessary work with regard to the on-site review. The Plan for Reappraisal must be specific in identifying the personnel necessary for each phase of the reappraisal as well as all other phases of the normal maintenance work accomplished by the Assessor of Property's office.

1. The Assessor of Property shall assume the responsibilities and duties of the reappraisal manager or employ a qualified reappraisal manager having previous experience in directly related programs. The qualifications of the reappraisal manager shall be included in the Plan for Reappraisal and submitted to the Division of Property Assessments for approval.
2. The Plan for Reappraisal shall include the training and experience levels of all employees that will be involved in the reappraisal program. The qualifications of the employees will be determined by the courses and seminars they have attended as well as the amount of their reappraisal experience.

1. Approval for 4-Year and 5-Year Cycles: The Assessor of Property in any county that plans a 4 or 5-year reappraisal program must have approval by resolution from the county legislative body. The Plan for Reappraisal prepared by the Assessor of Property must be submitted for review to the county executive and the county legislative body. The county legislative body must provide the funding to accomplish the reappraisal program as outlined in the Plan for Reappraisal. It shall also be understood that reappraisal on a 4 or 5-year cycle does not entitle the county to any additional state funds beyond those determined for a 6-year reappraisal cycle.

II. State Division of Property Assessments' Responsibility:

TCA 67-5-1601 (d)(1)(B)(3) provides that all work (accomplished by the Assessor of Property) is subject to the supervision and approval of the director of the Division of Property Assessments. The Division of Property Assessments is required to supervise and direct all reappraisal and revaluation programs. The Division of Property Assessment's statutory responsibility is to (1) provide technical assistance and (2) ensure the accuracy of the reappraisal program. All counties conducting reappraisal programs accept the condition of limited involvement from the Division of Property Assessments and also agree to maintain records and provide sufficient data and reports to enable the Division of Property Assessments to evaluate the quality of the reappraisal program.

A. Technical Assistance: Technical assistance is provided to a county by experienced staff members of the Division of Property Assessments. The technical assistance to be provided by the Division of Property Assessments will be determined considering available resources and existing workload of county reappraisal programs scheduled during each year.

TECHNICAL ASSISTANCE TO THE ASSESSOR MAY INVOLVE THE FOLLOWING ACTIVITIES:

- | | |
|---|--|
| • Residential Base Rate Development | • Sales Adjustments Determination |
| • Residential Analysis (V & I) | • Sales Verification Instruction |
| • EFSB Cost Tables Development | • Unique Properties Appeal Preparation |
| • Rural Land Schedule Development | • Data Preparation for Appeals Defense |
| • Home-Site Analysis | • Overall Statistical Results Review |
| • Commercial & Industrial Base Rate Development | • Data Quality Reports Production |
| • Income & Expense Analysis | • Assessable Mineral Interest Valuation |
| • Commercial Market Analysis | • Assessable Leasehold Interest Valuation |
| • Unique Industrial Properties Appraisal | • On-The-Job Training for Assessor's Staff |
| • Small Tract Sales Analysis | • Market Area Delineation Codes Review |
| • Small Tract Pricing Guide Development | |

B. Modification of Responsibility

Due to level of expertise, number of staff members and resources available to the Assessor of Property, there may be a need to modify areas of responsibility in the Memorandum of Understanding. The purpose of the modification of responsibility is to provide latitude

between the assessor and the division regarding the identified areas of responsibility. The following are specific modifications to this agreement that will be mutually beneficial for both parties and allow for better utilization of resources during the revaluation program:

III. Accuracy of Program

The Assessor will prepare a Final Value Report that will give an overview of the reappraisal program and support the value indications. The accuracy of the reappraisal program shall be determined by a review of the supporting documentation for the following: base rate development; land valuation; the application of market adjustments; the market area delineation codes analysis; rural land sales analysis; small tract analysis; the identification and valuation of unique properties; the completeness of the sales file; the quality of records developed for appeal defense; the results of the statistical analysis; the resolution of the data quality reports; and the property characteristic data.

IV. Computer Appraisal System

In the event the assessor of property chooses to change the current computer appraisal system, information regarding the new system and a detailed plan of implementation must be included with the reappraisal plan for approval by the State Board of Equalization.

V. Failure to Comply

It is the expressed intent of this Memorandum of Understanding to provide the County and the Division of Property Assessments with a clear understanding of the responsibility of each party in regard to the completion of the next reappraisal program. It is the intent of the Division of

Property Assessments to take whatever action necessary to ensure the accurate and timely completion of the reappraisal program. Failure on the part of the county on any of the items agreed to herein shall result in the reporting of said failure to the State Board of Equalization for appropriate action.

It is with full understanding that we accept the conditions identified in this Memorandum of Understanding and accept responsibility to accomplish all items identified herein. We recognize that failure on the part of the county legislative body or the Assessor of Property to complete the agreed to requirements will result in the action identified herein.

RESOLUTION NO. 14052504

RESOLUTION FOR APPOINTMENTS TO LAWRENCE COUNTY
EMERGENCY COMMUNICATIONS BOARD

WHEREAS, pursuant to T.C.A. §7-86-105 requiring the County Mayor to appoint the members of the Board of Directors of a local emergency communications district, such appointment to be subject to confirmation by the county legislative body; and

WHEREAS, there are presently four (4) vacancies on the Lawrence County Emergency Communications Board of Directors.

NOW, THEREFORE, be it resolved by the Lawrence County legislative body meeting in regular session this 25th day of May, 2004, that:

Donnie Kelley to be re-appointed; Term expires: March 2008

Larry Glass to be re-appointed; Term expires: June 2008

Kerry Mashburn to replace Pat Hudgins; Term expires: June 2008

Jarvis Curtis to replace Chris Imman; term expires: June 2008

are hereby confirmed to serve until the expiration of term as set forth above.

This resolution shall take effect upon its passage, the public welfare requiring it.

- Passed this the 25th day of May, 2004.
- Failed for lack of second this the 25th day of May, 2004.
- Failed on vote this the 25th day of May, 2004.
- Withdrawn this the 25th day of May, 2004.
- Tabled this the 25th day of May, 2004.
- Amended this the 25th day of May, 2004.
